We also recommend an Epidermal Levelling treatment the week of your wedding for smooth glorious skin. We can also help you plan your Spray Tan, Teeth Whitening, Brows and Lashes.

FREE SKIN CONSULTATION IN AUGUST FOR ANY BRIDES AND ALSO THE VERY IMPORTANT MOTHER OF THE BRIDE OR GROOM.

Come in for a chat with our therapists - they would love to help you with your planning and also offer some relaxation during a very stressful time!

DMK MD RANGE PRODUCTS

DMK have formulated paramedical MD Range products for Advanced Age Management and also the Enbioment products for reactive skin conditions such as rosacea, eczema, psoriasis, dermatitis or sensitive skins.

If you are interested in these products or would like further information, come in and chat to the girls or send us a facebook message to see if these products would be suitable for your skin concerns.

ADVANCED AGE MANAGEMENT

Advanced paramedical formulas with revolutionary results to lift, tone, and hydrate your way to glowing skin.

DMK MD

TransGenesis® Age Management Skin Crème

TransGenesis crème utilizes advanced ingredients to target cell renewal, firmness, elasticity, and moisture retention. TransGenesis has it all: from gentle superficial exfoliation, dermal strengthening, and re-continuing to superior nutrition and peptides, wrinkle reduction, and increased collagen production.

Benefits:

- Improves firmness and elasticity.
- Diminishes fine lines and wrinkles.
- Reduces damage from inflammation and free radicals.
- Reduces dryness and leaves skin plump and moist.
- Gentle exfoliation reveals healthy, younger-looking skin.
- Improves the immune function and protective quality of the skin.

Suited For:

- Mature and prematurely aging clients and those who want to target skin's firmness, elasticity and hydration retention.

Directions:

Apply once or twice daily to cleansed skin. Use on face, around eyes, neck, and décolleté. It may also be used on the back of hands and arms.

DMK MD

Wetter Than Water™ Instant Hydrating Emulsion

Wetter Than Water uses a unique blend of carrier and wetting agents, which help to penetrate and saturate the epidermis, providing an instant skin "boost" to quench dehydrated skin. This emulsion provides superior moisture and beneficial nutrients that increase volume, reduce inflammation, and provide antioxidant, free radical scavenging, and immune-boosting benefits.

Benefits:

- Improves hydration, resulting in higher moisture levels in epidermal tissue.
- Strengthens the skin barrier, reduces TEWL, and protects against environmental pathogens and irritants.
- Regenerates and protects the skin.
- Anti-inflammatory and antioxidant ingredients protect against damage.
- Promotes wound healing.

Suited For:

- Recommended for men and women of all ages.
- Particularly beneficial for people with ageing, fine lines, wrinkles, and dehydrated skin.

Directions:

After cleansing, close your eyes and lightly spray the face, neck, and décolleté before applying other products.

DMK MD

Elevate™ Neck & Décolleté Lifting Crème

Elevate is a crème coated specifically for the tissues and structures of the neck and décolleté. It contains revitalizing bio-energy ingredients that make a warming thermogenic effect to target and tighten the neck and décolletage.

Benefits:

- Lifts and tightens sagging skin.
- Increased collagen helps improve firmness and elasticity. Stimulates muscle tightening.
- Provides essential skin nutrients.
- Amino acids provide the basic building blocks for cell health.
- Increases skin density.
- Increases microcirculation.

Suited For:

- Recommended for men and women of all ages.
- Particularly beneficial for people with ageing, fine lines, wrinkles, and dehydrated skin.

Directions:

Apply to cleansed neck and décolleté using upward and outward movements. Do not apply to face. A warming thermogenic effect is expected.

DMK MD

FirMatrix® Skin Recovery Serum

This premium skin recovery serum contains potent botanicals that utilize Bio-Homestasis Technology to rebuild the epidermal matrix. FirMatrix works like a dermal filler without the needles, visibly restoring up to 5 years of density and volume to facial tissue.

Benefits:

- Increases epidermal volume for fuller, tighter-looking skin.
- Improves hydration.
- Creates a matrix of vitamins, minerals, and antioxidants for healthy cells.
- Stimulates collagen production for firmer, younger skin; imagine the effect of a skin filler over the entire face, neck, and décolleté without the needle.

Suited For:

- Recommended for men and women of all ages.
- Particularly beneficial for people with ageing, fine lines, wrinkles, and dehydrated skin.

Directions:

Apply to cleansed skin after applying DMK Wetter Than Water, but before applying other DMK products.

DMK MD

Eye Web™ Intensive Eye Support Complex

This formula utilizes Phyto-suspension technology, which creates an invisible web-like scaffolding to lift, tighten and tone the delicate eye tissue. It gives the eyes an immediate lift and 24 hours of critical ingredients and active nutrients that cool, brighten, strengthen and nourish. Although the Biotin-like effects are immediate and last all day, cumulative benefits with continued use of Eye Web can also be dramatic.

Benefits:

- Brightens dark circles around the eyes.
- Reduces fine lines and wrinkles.
- Firms the eye tissue.
- Reduces puffiness around the eyes.
- Contains vitamins and antioxidants.

Suited For:

- Recommended for men and women of all ages.
- Particularly beneficial for people with ageing, fine lines, wrinkles, and dehydrated skin.

Directions:

Apply Eye Web crème to cleansed skin around the orbital area, especially beneath the eyes. Use gentle tap-squeeze to help the skin fully absorb and wait 60 seconds before applying other DMK products.

DMK MD

ENBIOMENT™

A 3-piece Microbiome Enhancing System designed to restore a healthy balance to your skin's microbial flora.

DMK MD

ENBIOMENT™ MICROBIOME SYSTEM

A 3-piece Microbiome Enhancing System designed to restore a healthy balance to your skin's microbial flora. The Enbioment range is designed to strengthen the skin against environmental threats that trigger dermatological skin disorders. The all-natural formulations help to re-establish health and diversity in the skin's microbiome to reduce and revise reactive skin conditions.

“

The DMK MD range is designed to match the skin's natural homeostasis and support DMK's Advanced Paramedical Skin Revision Concept to REMOVE, REBUILD, PROTECT and MAINTAIN.

Results after using Enbioment System

DMK MD

Enbioment™ Cleanser

Microbiome System Probiotic Restoring Cleanser

A pH-neutral cleanser that utilizes gentle yet effective coconut-based surfactants to wash away pollution, dirt, and debris, without stripping the skin or interrupting good bacteria. This formula helps set up the "scaffolding" for the repopulation of beneficial bacterial colonies and contains several organic botanicals to soothe irritation and inflammation.

Benefits:

- Strengthens the skin's surface against environmental threats.
- Visibly improves signs of dryness, including a tight, uncomfortable feeling.
- Restores a healthy pH balance to the skin's surface.

Suited For:

- Individuals with atopic dermatitis/eczema, rashes, acne, reactive skin, and scaly dry skin.
- Recommended for anyone on a long course of antibiotics.

Directions:

Step 1 of the Enbioment Microbiome System: Also be used as a standalone product. Dampen the skin and use fingertips to massage a small amount into the skin using a circular motion for 30 seconds. Rinse well with warm water.

DMK MD

Enbioment™ Mist

Microbiome System Probiotic Restoring Spray

A pre-biotic formulation designed to optimally prepare skin for healthy microbiome development. It helps regulate the skin flora by activating B-Defensin synthesis and reducing redness and irritation. The ingredients in Enbioment Mist can calm skin and reduce inflammation that may trigger opportunistic bacteria's growth and provide the food necessary for healthy microbe development.

Benefits:

- Strengthens the skin's surface against environmental threats.
- Visibly improves signs of dryness, including a tight, uncomfortable feeling.
- Restores a healthy pH balance to the skin's surface.

Suited For:

- Individuals with atopic dermatitis/eczema, rashes, acne, reactive skin, and scaly dry skin.
- Recommended for anyone on a long course of antibiotics.

Directions:

Step 2 of the Enbioment Microbiome System: After cleansing with Enbioment Cleanser, close your eyes and lightly mist the skin, before applying Enbioment Serum.

DMK MD

Enbioment™ Serum

Microbiome System Probiotic Restoring Emulsion

This probiotic emulsion reintroduces healthy bacteria and encourages the re-establishment of existing beneficial bacteria essential to maintaining skin health. By rebalancing the skin's microbiome, we help ensure the skin's immune and mechanical barrier functions are performing optimally.

Benefits:

- Strengthens the skin's surface against environmental threats.
- Visibly improves signs of dryness, including a tight, uncomfortable feeling.
- Restores a healthy pH balance to the skin's surface.

Suited For:

- Individuals with atopic dermatitis/eczema, rashes, acne, reactive skin, and scaly dry skin.
- Recommended for anyone on a long course of antibiotics.

Directions:

Step 3 of the Enbioment Microbiome System: After cleansing with Enbioment Cleanser and spraying with Enbioment Mist, apply Enbioment Serum to the face and neck. Allow setting for 30 seconds to create a Symbiotic Biome before applying other DMK products.
