COME IN AND WARM UP YOUR SOUL

HOT STONE MASSAGE OF YOUR DREAMS

Step into our warm tranquil space and escape the winter chill while giving your skin and soul the love it needs.

Did you know that all our treatment rooms are equipped with bed heaters & cosy doonas to keep you toasty and comfortable throughout your experience with us.

Our Hot Stone Massage is more than a treatment—it's a sanctuary. Smooth, heated stones glide over your body, melting tension, improving circulation, and easing the winter chill from your bones. As the soothing heat penetrates deep into tired muscles, your body relaxes and your mind enters a state of pure calm.

Whether you're battling cold-weather aches, stress, or just need a moment of indulgent self-care, this is your invitation to unwind. Surrounded by soft lighting and gentle aromas, you'll leave feeling balanced, recharged, and blissfully warm from the inside out.

Or indulge in our DMK facials—a deeply nourishing treatment designed to protect and revive your skin from the harsh effects of the season. Think steaming hot towels, gentle exfoliation, rich hydrating masks, and a heavenly facial massage that melts away stress and leaves you glowing.

Each step is tailored to your skin's needs, restoring softness, smoothing fine lines, and bringing back that healthy, dewy radiance winter tries to steal.

Skin glowing all year round!

NEW DELICIOUS MAGNESIUM NIGHTLY WELLNESS DRINK

When your mind is still racing from the day's demands, switching off can feel like an impossible task. You need a simple way to tell your body that the busy part of the day is finally over.

Our Nightly Wellness Drink is a rich, creamy chocolate chai blend designed to be your evening circuit breaker. We've combined gentle magnesium glycinate with L-Tryptophan, ashwagandha, and passionflower to help you naturally shift gears. Instead of swallowing another pill, you get a comforting, warm ritual that physically signals to your brain that it's time to unwind.

With regular use, here is how it helps you settle in:

- It soothes a wired nervous system so you feel noticeably calmer before bed.
- It makes the mental transition from a chaotic day to a quiet night much easier.
- It helps you stop tossing and turning so you can fall asleep faster.
- It supports a deeper, less broken sleep so you wake up feeling human again.

WINTER IS THE TIME TO TARGET YOUR PESKY PIGMENTATION!

Our NEW Tight & Bright Facial is a non-invasive IPL skin rejuvenation protocol designed to improve any discolouration or pigmentation & the skin's firmness.

Our "Bright" step of the treatment helps break down superficial pigmentation and even out skin tone. The "Tight" step gently heats the dermis to stimulate collagen and elastin production, instantly improving firmness and texture & over time, gradually tightening the skin and smoothing the appearance of fine lines & wrinkles. We can also then target any broken capillaries, diffused redness & even rosacea.

Come in for a FREE Consultation & Test Patch to try it out for yourself & get your skin radiant again!

WHY SHOULD YOU USE A SPECIALISED EYE CREAM?

Most standard moisturisers aren't suitable for your eye area due to the fact that the skin around the eye is thinner and more delicate than the rest of the face, making the area more sensitive and quicker to absorb products.

Eye creams are made from lower doses of ingredients so they don't irritate the eye area

We recommend using our incredible DMK Eye Tone or DMK MD Eye Web products .

Use DMK Eye Tone to target dark circles, puffiness, and fine lines around the fragile eye area.

It uses plant-based ingredients and peptides to rebuild tissue, strengthen fragile capillaries, and plump the skin, encouraging it to function like younger skin.

Key Benefits:

- *Reduces Puffiness & Dark Circles
- *Helps minimize under-eye bags and brightens tired-looking skin by strengthening blood vessels.
- *Softens Fine Lines: Contains Acetyl Hexapeptide-8 (Argireline), a peptide that relaxes muscles to smooth out expression lines. Think of it like a topical, needle-free alternative to Botox.
- *Deep Hydration: Uses Hyaluronic acid to draw in moisture, plumping the skin so wrinkles appear less deep.
- *Multi-Use: Works perfectly as a firming and strengthening treatment for the neck and lip lines

Our DMK MD Eye Web is like an invisible web around the eyes.

This powerful eye crème can help to instantly tighten sagging skin, eliminate the appearance of puffiness under the eyes, and revise dark circles, wrinkles and fine lines through strengthening the skin.

This formula utilises phyto-suspension technology, which creates an invisible web-like scaffolding to lift, tighten and tone the delicate eye tissue.

It gives the eyes an immediate lift and 24 hours of critical ingredients and active nutrients that cool, brighten, strengthen, and nourish.

COME IN AND ASK WHICH EYE CREAM WOULD BE BEST FOR YOU

We hope to take care of you soon! Amour xo
