

Amour Beauty April Newsletter

April is the month of Easter and for getting together to celebrate this religious occasion with friends, family, food and don't forget chocolate!!

Get in quick and book your pre-Easter appointments, as they are filling up fast!!

As we get closer to Winter, it's a great time to look at your current skincare plan.

If you are not already using our fabulous cosmeceutical products, now would be a great time to change over and use products that actually work.

We can customize an individual skincare plan to benefit your skin concerns, you are never too young or old to begin a beneficial skin treatment plan.

Come in and talk to the girls about our amazing skincare treatments and home care products, which go hand in hand together to make your skin healthy, glowing and fresh.

MILLIE'S PRODUCT OF THE MONTH - COSMEDIX OPTI CRYSTAL

This is one of my favourite products because it instantly illuminates the under-eye area, making you look fresher and younger. This product reduces the appearance of fine lines, crows feet, and also reduces those dark circles we all hate! Opti Crystal is also fantastic because you only need a pin head amount of product, making it last for months and months.

Talk about more bang for your buck!!
