

# Amour Beauty June Newsletter

Winter is here and so are the cold and frosty mornings!

As the temperature drops, heaters blast hot air and the wind whips up, the battle for healthy skin begins. Dry air takes away the thin layer of oil that traps moisture in the skin which results in severe dry skin.

June is an ideal time to reassess the condition of your skin and ultimately treat it with cosmeceutical skin care products and in salon treatments.

Did you know we have a virtual treatment room, where you can speak to our professional Dermal Therapist anytime, about your skin concerns!!

Just go to our website and click on the "Send Us A Message" Tab on the bottom of the screen.

Or you can call the Amour team with any skin concerns you have!!

Winter is a great time to treat yourself and come in from the cold.

Amour offers fabulous Facials, Massages, Skin Treatments and Hot Stone Massage. Everything you could want and more!
