JANUARY NEWSLETTER

Welcome to 2018!!

It's always so exciting to start a new year.

We wish everyone a Fabulous 2018 filled with lots of love and laughter with friends and family. We have many exciting things planned for the Salon in 2018, so look forward to some new treatments and products.

NEW YEAR – RENEW YOUR SKIN

Treat yourself this year by making some Skin Resolutions to look after and care for your skin. Some ways of doing this include:

- eating a healthy diet and drinking lots of water
- always applying sunscreen
- having a skin consultation and analysis
- regular monthly facials and skin treatments
- using quality skincare products at home and getting plenty of beauty sleep!

FOCUS ON ACTIVATED CHARCOAL PRODUCTS

Detoxify Your Pores With Cosmedix Detox Mask

Detox from daily grime that can accelerate the visible signs of aging. This activated charcoal and kaolin clay-based mask helps draw out impurities from the pores, while diatomaceous earth effectively cleanses away pollutants for a visibly brighter, less agitated-looking complexion.

Detox is the perfect mask for those with sensitive skin and large congested pores.
