WRINKLES SCHMINKLES

We are excited to introduce a brand new product called Wrinkles Schminkles to our Amour clients.

Wrinkles Schminkles are 100% Medical Grade Silicone Pads that correct and prevent wrinkles while you sleep.

Every pad is reusable for 20-30 uses and are available for the chest, eyes, neck, mouth, forehead and hands.

They work by keeping the skin taut so it can't crease or wrinkle while you sleep.

Also the silicone pads have healing properties creating hydration and bringing blood flow to the skin's surface which can help to stimulate collagen.

Before and after photos are from a client after one night's use!

LIMITED OFFER -Purchase three kits and receive the Cleaning Solution FREE (valued at \$19.95)

HAVE YOU HEARD ABOUT BODY SUGARING?

We are excited to let you all know that we are now offering Body Sugaring hair removal at Amour!

Tijani has been perfecting her technique over the past 6 months, she has also completed an online course and also a practical course and is now ready to work her Sugaring magic on our beautiful Amour clients.

Sugaring uses natural ingredients and is gentler than waxing, meaning less irritation to the skin. It also reduces ingrown hairs, leaves your skin silky smooth and exfoliated and in time fewer hairs will grow back and the hair will be finer.

Sugaring removes shorter hairs, so the optimal cycle for sugaring is every 3 weeks.

We know you will love sugaring, so treat yourself to more than one body area.

Book online with Tijani today!
