2019

EMBRACE THE NEW YEAR!

Welcome to 2019!!

It's always so exciting to start a new year.

We wish everyone a Fabulous 2019 filled with lots of love and laughter with friends and family.

We have many exciting things planned for the Salon in 2019, so look forward to some new treatments and products.

NEW YEAR - RENEW YOUR SKIN!

Treat yourself this year by making some Skin Resolutions to look after and care for your skin.

Some ways of doing this include:

- always applying sunscreen
- having a skin consultation and analysis
- regular monthly facials and skin treatments
- using quality skincare products at home
- eating a healthy diet and drinking lots of water and getting plenty of beauty sleep!

OUT WITH THE OLD AND IN WITH THE NEW

TRADE IN • TRADE UP
For Beautiful Skin

Clean out your current skincare cosmetic products that over promised and under delivered and **TRADE UP** to skincare cosmeceuticals that will actually improve the health of your skin and you will see and feel the difference.

Promotion ends 31st January (T&C's Apply)

PROTECT YOUR SKIN FROM SUN DAMAGE AND AGEING

We don't need to tell you how important it is to be wearing sunscreen protection everyday, at all times of year.

Sun damage can have major effects on your skin and speeds up the ageing of your skin, which leads to premature and increased wrinkles, age spots and skin cancer.

A great way to prevent damage is to use our Aspect Gold Envirostat SPF 50 Sunscreen which is a high protection, broad spectrum, water resistant sunscreen that lasts for four hours and blocks both the UVA and UVB rays.

Envirostat also contains moisturisers to reduce the drying of the skin without leaving a greasy feeling of most sunscreens.

Be sun smart, stay out of the sun and get a spray tan for your golden glow.

MICRODERMABRASION FRIENDSHIP PACKAGE BRING A FRIEND FOR FREE!

Microdermabrasion is a safe, quick and convenient exfoliation treatment which is proven to be effective for all skin types and has no downtime. It is able to be done during your lunchtime and you can go back to work with no redness, just brighter, smooth healthy glowing skin.

Microdermabrasion is an exfoliation treatment where the dead, skin cells are removed by light abrasion and suction. The treatment promotes the production of new cells in the skin and stimulates the growth of collagen to further smooth and improve skin tone and appearance.

Results are progressive, with each treatment you will continue to see an improvement in your skin's appearance.

Uses a combination of abrasion and vacuum action to unblock pores and remove impurities from the skin.

Polishes away the very outermost layers of skin revealing a fresh, healthy and radiant complexion.

Aids the absorption of products applied to skin after treatment making them more effective.

Exfoliates deeper than traditional exfoliation methods which makes it more effective treating fine lines and wrinkles and removing pigmentation and scarring.

Creates a smooth and even skin surface, ensuring makeup glides on for flawless looking skin.

The vacuum action increases the rate of skin rejuvenation, stimulates collagen production, consequently skin is plumper & more elastic.

Microdermabrasion is an excellent solution for skin conditions, including:

Fine lines and Wrinkles - Sun-damaged skin

Acne congestion and acne scars

Enlarged pores - Superficial age spots
