

JANUARY NEWSLETTER

WELCOME TO 2020!!

It's always so exciting to start a new year and even better to start a new decade!

We wish everyone a Fabulous 2020 filled with lots of love and laughter with friends and family.

We have many exciting NEW things planned for the Salon, so look forward to some fabulous new treatments and products.

GOODBYE TO SIMONE

This month we say farewell to Simone our fabulous nail technician. Simone has been with us for 3 years and has worked her nail magic on many clients and has produced some amazing nail art over the years. Simone will definitely be missed by her clients and by the girls at Amour.

OUT WITH THE OLD AND IN WITH THE NEW

LET'S GET YOU ON THE RIGHT HOMECARE

80% of your results will come from how YOU treat your skin at home!

The products you use on your skin at home will make all the difference to seeing results. We often hear from clients how they have spent a lot of money on mass-marketed skincare only to see little change in their skin.

You are invited to take advantage of one of these two opportunities to get you on the right track to achieving your skin goals!

TRADE IN

your ineffective mass-marketed products which haven't delivered for professional products that work!

OR

SAVE 10%

on the professional products prescribed by your therapist on the day of your treatment.

A recent survey in Spa & Clinic magazine discovered that 4 out of 5 women were unhappy with the results of their skincare.

These women were obviously not using DMK paramedical skincare products, because everyday our clients give us amazing feedback about the incredible results they get after using DMK.

Clean out your old skincare products that over promised and under delivered and TRADE UP to paramedical skincare that will actually improve the health of your skin and you will definitely see and feel the difference.

Get 10% Off when you trade in your old products or when you buy products on the day of your treatment. Offer ends 15/1

PROTECT YOUR SKIN FROM SUN DAMAGE AND AGEING

We don't need to tell you how important it is to be wearing sunscreen protection everyday, at all times of year. Sun damage can have major effects on your skin and speeds up the ageing of your skin, which leads to premature and increased wrinkles, age spots and skin cancer.

The best way to prevent damage is to use a good quality Sunscreen like our DMK Soleil Defence SPF50+ which is designed to block the sun and not your pores. It offers superior non-greasy broad protection from both UVA and UVB rays and is waterproof.

Our DMK Soleil Protect SPF15 is a light non-greasy sun moisturising crème that provides protection and is suitable for use on acne prone or oily skin and is perfect to be used daily underneath make-up.

Be sun smart, stay out of the sun and get a spray tan for your golden glow.

Love From The Amour Team xx
