ARE YOU A BRIDE-TO-BE?

We would love to help you to achieve gorgeous, radiant skin so you are confident and feeling amazing for your special day!

We offer professional skin consultations that can tell us exactly what your skin requires to be healthy and glowing and allows us to customise the best treatment and product plan especially for you.

Our most popular treatments leading up to the wedding are DMK Enzyme Facials & DermaFrac Skin Needling, both great options that treat the skin from a deeper level to revise skin concerns & return the skin to a healthy state.

Ideally a skin treatment plan would start 6-12 months prior to your wedding. Monthly facials in the lead up to the the big day are advised to get you skin wedding ready.

The week of the wedding our Brides LOVE having Epidermal Levelling done. It gives the skin a deep exfoliation of all the dead skin cells as well as the 'peach-fuzz' hair on the face leaving the skin as a perfect, flawless canvas for your wedding makeup to go onto.

INGLOT MAKEUP COLOUR MATCH AND LESSON

WHEN WAS THE LAST TIME YOU REFRESHED YOUR OLD MAKEUP PRODUCTS, HAD A PROFESSIONAL COLOUR MATCH OR EVEN LEARNT HOW TO DO A FULL FACE OF MAKEUP?

We recommend replacing your makeup products every 3-6 months to ensure that you are using fresh and hygienic products that will keep your skin healthy & glowing.

If you haven't already tried our incredible Inglot Makeup now's the time! Not only are the products lightweight, they are also long-lasting & super affordable.

Come in & see Liv for a professional lesson on how to properly do your makeup suited to your face, complexion & face shape, as well as a colour match of foundation, powders, blush etc

3 OF OUR MUST-HAVE PRODUCTS ARE:

Eyeshadow Fixer; designed to keep your eyeshadow in place all day long & help intensify the pigment of your eyeshadow colors.

Makeup Fixing Spray; a long-lasting, lightweight spray formula designed to keep your makeup in place all day.

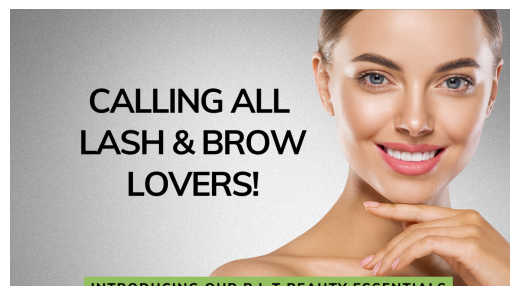

And finally the Primer; which helps create a smooth base for flawless makeup application.
