BENEFITS OF CHOCOLATE FOR YOUR BODY!

Dark chocolate is loaded with antioxidants & compounds that inhibit free radicals from destroying the body's cells & contains a significant amount of fiber, iron, copper, magnesium, manganese, potassium, zinc, phosphorus and selenium. Combined with a low-fat diet, dark chocolate can lower low-density lipoprotein (LDL) cholesterol levels. This "bad" cholesterol is responsible for damaging tissues such as the lining in your heart arteries, so dark chocolate can support your cardiovascular health! So enjoy your Easter & eat the damn chocolate!

LATEST & GREATEST FROM DMK **- MICRO PEARL -**

Micro Pearl is a facial cleanser with dissolvable microbeads perfect for all skin types. Naturally derived microbeads made of jojoba oil slough off dead skin build up & gently wash away impurities from the skin, revealing a more luminous texture and refined appearance. This cleanser is especially good for aging and postmenopausal skin that is dry, flaky or lacking hydration, and also great for fine lines & wrinkles, thickened, and pigmented skin types.

Are you using an eye cream?

Eye creams are specifically formulated for the thinner skin around the eye area where normal moisturisers are unable to sink into. Using an eye cream can help hydrate and nourish the delicate skin around your eyes, reducing the appearance of fine lines, wrinkles and dark circles. It can also help improve the texture and elasticity of the skin, giving you a more youthful and refreshed appearance.

Application- Evenly distribute a rice size amount of eye cream between your ring fingers & lightly dab from your orbital bone beneath your eyes to your temples & onto the eyelid. Gently massage into the eye area.

HOT TIP- any remaining residue on your fingers can be rubbed into the lips & any fine lines above the lip as an extra benefit!

SKIN TIP : EYE CREAM

OBSERV SKIN CONSULTATIONS

Do you know that 87% of women don't have an accurate understanding of their skin type?

If that's you, come in & experience an in depth Skin Analysis & Consultation with us using our state of the art Observ Skin Imaging Device.
