QI 24K GOLD MICRO MAGNET FACIAL

Qi Beauty provides a form of Chinese Acupuncture that uses 24K Gold magnets to deliver energy to your skin to excite cellular activity, resulting in high optimal skin performance, recovery & health. This process can help support healthier cell turnover, boost hydration, increase collagen production and increase absorption of the moisturisers and serums applied during treatment. Every treatment works to maintain healthy skin flora to restore the skin barrier. This encourages healthy skin texture and colour whilst filling the dermis with water to increase elasticity while under our signature Dermalux Light Therapy. Qi can target all skin concerns and conditions focusing on aging concerns, lymphatic drainage & detoxification as well lifting and toning concerns of the face & neck, and also reducing crepey skin around the eye area or creating a fuller lip.

PRODUCT OF THE MONTH

Winter is in full swing & our skin is definitely starting to feel it being under all this heating.

Formulated to help prevent premature ageing and to hydrate dry, dehydrated skins, Hydrating Masque helps to increase the skin's vital free water levels. It provides supreme hydration which is great for skin prone to irritation, inflammation and sensitivity, and encourages the appearance of firmer and more youthful-looking skin.

HOT TIP:

Before a big event, sleep with Hydrating Masque on for beautiful plump skin the next day so that makeup just glides over. This is an excellent masque for brides to do the night before their wedding.
